Microsoft Teams? Tell me more

Microsoft Teams is a hub for teamwork. It's a chat-based workspace that enables teams to be more productive. How? By giving them a single and secure location that brings together chats, meetings, calls, files, and tools.

Our offering consists of the following building blocks which will guarantee a quality deployment of Microsoft Teams:

SECURITY

Id & Access management

Data Protection

Device Management

TEAMWORK COLLABORATION

Files (SharePoint)

Apps (Planner,...)

Connectors

INTELLIGENT COMMUNICATIONS

Network Readiness

Cloud Meetings

Calling (telephony)

MICROSOFT TEAMS BUILDING BLOCKS
